

Gateway

Fun is not a special need. It's a universal one.

Welcome to Camp Gateway

SUMMER 2019

Camp Gateway is more than a fun new camp for children with special needs. It's an avenue to develop new friendships and achieve personal goals in a supportive setting. Campers will enjoy traditional summer camp activities, like arts and crafts, cooking, sports, and community outings. Campers will also be provided with unique opportunities to practice individualized social, communication, and daily living skills in a structured, supportive environment.

A camp you can trust

Gateway staff are established experts in behavioral therapy for children with autism, and their expertise has been poured into Camp Gateway. All counselors are Registered Behavior Technicians, trained in the science of breaking down skills into small components and reinforcing new skill acquisition every step of the way. Our talented staff guide children through a camp experience that is designed around each camper's individual needs and interests.

Stay connected

Parents and other caregivers will receive frequent communication updates about their child's day, including access to photos, activity logs, and skills practiced.

Siblings and special helpers

Some friends may come and go, but siblings are friends for life. Camp Gateway welcomes siblings and offers a unique opportunity for compassionate kids to connect with others who share similar life experiences.

Camp Gateway also welcomes special helpers – caregivers who are intimately involved in a child's daily living.

Logistics
